WRITING PLAN

or ...I can't fall asleep on planes.

* У тебя ведь речь идет про прошлое. Ты рассказываешь, как было. В твоём случае должна быть тогда привязка к настоящему, если используешь Present Perfect.

Dear Lisa,

We've been in Bulgaria for 5 days now, and I'm having a great time! The journey was so good because I've eaten delicious food on a plane. The light was quiet and I could sleep! (You know what I never can sleep in planes) We've stayed in a hotel near the sea. I've got such a soft bed and a balcony with a beautiful view. The weather is brilliant! It's quiet and warm and is not raining. Yesterday we were sunbathing on the beach all day. We ate ice cream and local traditional dishes. Tomorrow we're going on an excursion to the old city. I think it'll be so interesting.

Wish you were here! XO
