

## Indefinite pronouns

- 1 Find and underline four mistakes with indefinite pronouns in the following text, then correct them.**

Last week, my dog Pablo ran off anywhere in the park. I spent a few hours looking everywhere for him, but he wasn't anywhere. Then I made some posters with a picture of him and my phone number and I put them on bus stops and in shop windows, but I didn't hear something. I was sure that anyone knew something about Pablo. On Saturday, a man called me and said he saw a dog like Pablo everywhere near the football stadium. I ran over there and found him outside the stadium. I was so happy to see him again.

It's because I really don't like them!
